## TWO ENGLISH FIGHTERS MATCHED

### Driscoll and Moran Offered \$10,000 Purse—Detroit Won Doubleheader — Athletics Lose Another Hardluck Game—Brooklyn Beats the Leaders.

London, July 15.—Jim Driscoll, the champion English featherweight, and Owen Moran, the former bantamweight, have signed articles for a fight of twenty rounds, for the featherweight championship, to take place September 12. A purse of \$10,000 already has been offered for the match, but the fighters have decided to await other bids.

### TERRY IN SANITARIUM.

McGovern, Once Featherweight Champion, a Wreck of Former Self.

New York, July 15.—A shadow of his old self, Terry McGovern, once featherweight champion pugilist of the world, was taken to a sanitarium at Amityville, L. I., today. "I want to go home," he said, "I want to go home." McGovern had been in the observation ward of the Kings county hospital since his arrest last Thursday on a charge of intoxication. His friends hope that the treatment he will undergo will put him on his feet again, but it did after his breakdown several years ago, soon after he lost the championship.

### SHAKESPEARE BEATS JENCKS.

Pool Shooter, Using One Hand, Wins Handicap Match.

Frank Macervey of Boston, known as Shakespeare, the pool expert, who does all his playing with one hand, although he has the usual number that nature allows, was the drawing card Thursday night in a Bath street poolroom, where he was matched for a game with John Jencks, one of the local experts. In a close finish in the last frame or two Shakespeare was the winner by counting 114 to 108 for Jencks. The conditions of the match being that Jencks was to make 150 to the victor's 100.

The room full of enthusiastic spectators saw some fine shooting by both men that called for applause, but the crowd was especially interested in the one-hand work by Shakespeare, who shot with amazing accuracy, whether resting his cue on the bank or holding it out free arm over the table. At the start Jencks worked into a long lead, having 94 when Shakespeare counted 50 buttons. The visitor made the score 82 to 115 in the next few frames, leaving himself 18 to make and Jencks 35 to win out. On the next frame Shakespeare got 9 to Jencks' 6, leaving the score up to 91 to 121. Then Jencks took a hand in the game and brought out the cheers from his admirers by making a cleanup of 14, leaving 1 for the visitor. The next frame was again all Jencks, as he counted 11 to 4 for the other, and leaving it 96 for Shakespeare and 145 for Jencks.

With Shakespeare needing 4 and Jencks 5, it was the stranger's break

and he played a beauty safety. A safety by Jencks and a try at one by Shakespeare gave Jencks a chance and he picked out 4 before he fell down with only 1 needed to go out. It was a fatal slip, for Shakespeare picked a straight combination out of the bunch and ran out his 4 with ease.

After the match he entertained the crowd with a star exhibition of fancy shots.

### WOONSOCKET RACES.

Gallagher Won Chief Event—Long Island Trainer Remained.

Woonsocket, R. I., July 15.—Today's card at the Woonsocket Trotting park included two unfinished races left over from yesterday and three others. The event of the day, the free for all pace, was won by Gallagher in five heats, although Fred D. was the favorite. Prince Hamlin captured the 2.17 pace, of which six heats were run yesterday. The favorite, Knightstone Belle, getting second heat. Roan Wilkes, Jr., won the 2.20 pace, of which six heats were run yesterday, while the favorite, Forest Prince, got no better than fourth place. The favorite, Bervada, won the 2.19 trot in four heats, and Morris S. won the 2.27 trot in six heats, the favorite, Marguerita, getting second money.

In the 2.27 trot Van Houten, the Long Island trainer, was removed from Morris S. by the judge and Forschner put in the fourth heat, which resulted in a win for Morris S. Forschner awarded \$50 of the horse's winnings. Van Houten was removed from behind Gallagher in the third heat of the free for all and Dore was pue up, who pulled out a victory and was awarded \$50 of the horse's winnings.

### Arondack a Big Surprise.

Empire City, N. Y., July 15.—Arondack, a 5 to 1 favorite, proved a big surprise when he easily won the Whirl stakes, one mile, at Empire city today, defeating the 1 to 4 favorite, Ethereal. Practical went out to make the pace and led to the head of the stretch, when Arondack moved up and taking command won easily by half a length. Ethereal, the favorite, did not like the turn and was unable to keep up in the early part of the race, but was very strong at the finish.

### County Beater in a Mixup.

County Beater, the Willamette horse, with Kingsley driving, figured in a collision on Wednesday in the second heat of the 2.20 pace at the Woonsocket races, which spoiled his chance for the race. Driver Kingsley was thrown from his sulky, but managed to get to his feet and catch his horse, preventing a runaway. County Beater was later withdrawn from the race.

### Wide Open Challenge.

The F. C. A. C. of Taftville challenge any team in New London county for a game of baseball, Taftville Clippers, the Ponemah Stars, Kid Carter's Second Street team, Lisbon Sluggers, or any other team preferred. The lineup:

Mulholland c, Cormier p, Lamorey 1b, Schultze 2b, Edwards 3b, Joubert ss, Varill if, Savage of, Corcoran rf.

## FINANCIAL AND COMMERCIAL.

### U. S. STEEL THE FEATURE.

Most of the Total Dealings in That One Stock.

New York, July 15.—United States Steel practically made the stock market today. A large proportion of the total dealings was in that one stock, and such activity and strength as there were in other stocks were almost wholly in sympathy with the movement in it. There was a good deal of information from wholly trustworthy sources of the healthy improvement in progress in the iron and steel trade. While this news buttressed United States Steel and gave material aid to the conductors of the stock market campaign in this stock, the price movement was a triumph of adroit and resourceful market management as well. All the accredited organs of the steel trade spoke without reserve of the more cheerful tone that pervades the whole trade and the details of conditions were convincing on this point. Some falling off in the rate of booking of new orders were held of no account in view of the length of time for which orders on hand will keep the mills busy. Makers are refraining from accepting orders for present prices, and increased prices are demanded for early delivery on old orders. The advance in the price of bars, plates and shapes by some of the independent steel corporations is believed to presage an advance by the principal producer. The present pig iron output of the United States Steel corporation was pronounced to be an unprecedented scale. Estimates were current of the probable showing of earnings of the corporation for the second quarter of the year, which will be announced at the meeting of directors on the last Tuesday of the present month. Preliminary estimates on this point have usually proved nearly accurate, and the flattering intimations current today were of material assistance in strengthening the stock. When the stock forged upwards to above that figure in the first few minutes today and later extended its rise to above 71, the unexpected short interest which had been thus encouraged were made to serve the purpose of the bulls in helping on the advance by forced purchases. All this was accepted as demonstration of confidence in the market leadership on the part of the managers of the stock. The expiration of the period for exchange of Southern Pacific preferred into common stock revived the rumor of an exchange of two shares of Union Pacific preferred for one of the common stock, and accounted for the fresh stir in the preferred stock. The metal group was most closely affected in sympathy with United States Steel. The reaction in the wheat market and the promise of more favorable weather for the harvest current today were of material assistance in strengthening the stock. The market for total sales, per value, \$2,624,000. United States bonds were unchanged on call.
